

**Inventory, 1853**

This table is a random sampling of items listed in an inventory of the John M. Patrick store in Hookerton, N. C. These items were sold to Menan P. Powell on August 11, 1853. The sample was collected by listing every twentieth item in the inventory, starting with the random number of sixteen. In cases where ditto was used (either quotation marks or the abbreviation D<sup>o</sup>), item names were derived from the preceding entries and context.
